Otorhinolaryngology (ENT)

CLINICAL FOCUS

A central part of Dr. Kilavuz's work is the surgical management of head and neck cancers, including oral cancer and cancers of the tongue and tongue base. He also evaluates and treats dysphagia (swallowing difficulty), which may occur on its own or in connection with head and neck disease and its treatment.

In otology, his areas of expertise include vertigo and balance disorders, cochlear implants and pediatric hearing loss. He also performs tonsil surgery and rhinoplasty; his publications in this area address adenotonsillectomy in children, suture techniques in rhinoplasty, nasal dorsum augmentation and the endoscopic repair of nasal...
