CLINICAL FOCUS

The area of expertise listed for Dr. Duhair is trauma care. In an emergency department, trauma care generally refers to the structured assessment and management of patients who have sustained injuries, whether from falls, road traffic collisions or other accidents.

Emergency Service physicians such as Dr. Duhair are typically the first point of medical contact for patients with urgent needs. Their role includes taking a focused history, performing a clinical examination, deciding on the appropriate urgency of care and coordinating with other departments where ongoing treatment is required.

Trauma care

INTERNATIONAL PATIENTS

Dr. Duhair consults in Turkish and English, and interpreters can be arranged for patients who speak other languages. The international patient team coordinates the collection of prior reports and imaging, for example MRI, CT, X-ray or ultrasound reports, laboratory and pathology results, operative notes and discharge summaries, and arranges appointments and organizes the hospital visit.
