DEPARTMENT
Urology

CLINICAL FOCUS

Dr. Kural evaluates and treats conditions affecting the prostate, bladder, kidneys and male reproductive system. His areas of expertise include urinary incontinence, bladder health and diseases, and the diagnosis and treatment of prostate disease. He also manages hematuria (blood in the urine) and kidney stones;

A significant part of his practice concerns urological cancers, including prostate cancer, kidney cancer, bladder cancer, testicular cancer and penile cancer. He performs robotic urologic surgery and has published on laparoscopic radical and partial nephrectomy and on radical retropubic prostatectomy.
