CLINICAL FOCUS

Dr. Sonkaya provides medical oncology assessment and care planning across a range of solid tumors. His areas of expertise include head and neck cancers, brain tumors, liver cancer, stomach cancer, esophageal cancer, and lung and thoracic cancers.

He also treats gynecological and other common cancers, including endometrial cancer, ovarian cancer, breast cancer and colorectal cancers. The suitability of any treatment depends on the individual patient's diagnosis, disease stage, general health and previous treatments, and is discussed with the patient after a full review of their...
