Emergency Service

CLINICAL FOCUS

Dr. Usta's clinical practice focuses on the assessment and management of patients presenting to the Emergency Service. In this setting, his work centers on the initial evaluation of patients who arrive with acute complaints, taking a focused history, performing a clinical examination and reviewing available findings in order to reach a working assessment and decide on the next appropriate steps in care.

His experience has been gained in emergency medicine settings at several hospitals, including a training and research hospital in İstanbul and state hospitals in Şanlıurfa and Büyükçekmece. This background has involved caring for patients presenting with a range of acute conditions in the emergency department.

INTERNATIONAL PATIENTS

Dr. Usta speaks Turkish and English, and interpreters can be arranged for patients who speak other languages. For international patients, the international patient team coordinates the collection of prior reports and imaging, such as MRI, CT, X-ray or ultrasound reports, laboratory and pathology results, operative notes and discharge summaries, and arranges appointments and the hospital...
