Dermatology

CLINICAL FOCUS

Dr. Aslan's areas of expertise cover a range of inflammatory and chronic skin conditions. These include acne treatment, eczema treatment, rosacea, and pediatric urticaria. She also assesses and manages Behçet's disease and bullous pemphigoid, as well as sexually transmitted diseases, which fall within her training in dermatology and...

In procedural and cosmetic dermatology, her work includes botulinum toxin applications, fractional laser treatment, cryotherapy, wart treatment, and excessive sweating treatment. Whether a particular procedure is appropriate depends on the individual patient's diagnosis, skin type, medical history, and goals, which are evaluated during...
