CLINICAL FOCUS

Dr. Rakhimov's specialty is emergency medicine. The Emergency Service is the point of entry for patients whose condition requires prompt medical assessment, whether they arrive on their own or are brought in by ambulance. In this setting, the role of the emergency physician typically includes taking a focused history, performing a clinical examination, ordering and interpreting the initial tests that the situation calls for,...

Because emergency care is by its nature unplanned, the Emergency Service differs from departments that deliver scheduled treatment. Patients who are in İstanbul for planned procedures and develop an unexpected problem during their stay may be seen in the emergency department, after which the emergency physician coordinates with the relevant specialists in the hospital as needed. The specific conditions Dr.

INTERNATIONAL PATIENTS

Dr. Rakhimov consults in Turkish and English, and interpreters can be arranged for patients who speak other languages. The international patient team coordinates the collection of prior reports and imaging, such as MRI, CT, X-ray or ultrasound reports, laboratory and pathology results, operative notes and discharge summaries, arranges appointments and organises the hospital visit.
