Neurology

CLINICAL FOCUS

Dr. Angay's clinical work centers on the diagnosis and follow-up of neurological conditions in childhood. A significant part of her practice involves childhood epilepsy and febrile seizures, where careful history-taking, review of previous investigations, and clarification of the seizure type guide decisions about treatment and...

Her expertise further includes cerebral palsy and autism spectrum disorder, conditions in which neurological assessment forms part of longer-term, often multidisciplinary care. In addition, Dr.

Childhood epilepsy Childhood headaches Cerebral palsy
