HOSPITAL

Acibadem Altunizade Hospital, İstanbul

DEPARTMENT

Plastic, Reconstructive & Aesthetic Surgery

CLINICAL FOCUS

In aesthetic surgery, Dr. İskenderoğlu performs breast reduction and breast augmentation surgery and also sees patients with breast diseases. Her facial procedures include rhinoplasty, surgical facelift, buccal fat removal and non-surgical eyelid aesthetics.

Her reconstructive practice centers on advanced limb reconstruction and chronic wound care. In each case, she reviews the patient's history, examination findings and any existing imaging before discussing which surgical or non-surgical options may be appropriate, along with their limitations and the expected recovery.
