(Kadikoy) Hospital, ...

DEPARTMENT
Clinical Laboratory

CLINICAL FOCUS

Dr. Soylu's areas of expertise are clinical laboratory medicine, medical biochemistry, clinical laboratory services, emergency laboratory services and diagnostic laboratory evaluation. Her work involves the biochemical analysis of patient samples and the evaluation of laboratory results so that treating physicians can use them in...

Her experience in emergency laboratory services relates to the laboratory testing that is required when results are needed within short time frames for patients in acute settings. In this context, the laboratory works closely with the emergency and inpatient teams so that requested tests are processed and reported in a manner that...
