DEPARTMENT
Dermatology

CLINICAL FOCUS

A significant part of Dr. Dikicier's practice is devoted to inflammatory and allergic skin diseases. She sees children and adults with urticaria, including pediatric urticaria, and evaluates patients with rosacea, atopic dermatitis, contact dermatitis and seborrheic dermatitis.

In cosmetic dermatology, Dr. Dikicier performs medical peels, including enzymatic peels, carbon peels and chemical peels, as well as botulinum toxin applications. She also uses cryotherapy, a treatment based on controlled cold application, where clinically appropriate.
