CLINICAL FOCUS

Dr. Taybilli sees adult patients with conditions affecting mood, anxiety, behavior, relationships and addiction. Her areas of expertise include obsessive-compulsive disorder, post-traumatic stress disorder, bipolar disorder, anxiety, social phobia and hyperactivity. She also assesses and treats personality disorders, including dependent personality disorder.

A further part of her practice is addiction treatment and the care of patients with substance dependence. In addition to individual psychiatric care, Dr. Taybilli offers family and marriage counselling for patients whose difficulties involve close relationships or the wider family.

Anxiety

Family and marriage counselling

Dependent personality disorder

INTERNATIONAL PATIENTS

Dr. Taybilli consults in Turkish and English, and interpreters can be arranged for patients who speak other languages. Before a visit, the international patient team coordinates the collection of prior reports, such as previous psychiatric or medical reports, laboratory results and discharge summaries, and arranges appointments and the hospital visit.
