DEPARTMENT
Neurosurgery

CLINICAL FOCUS

In cranial neurosurgery, Dr. Chousein evaluates and treats patients with brain aneurysms and brain tumors. He also manages hydrocephalus, a condition in which cerebrospinal fluid accumulates within the brain and may require surgical management.

His spinal practice includes spine surgery for cervical disc herniation and lumbar disc herniation, as well as the surgical treatment of spinal and spinal cord tumors. Dr. Chousein also performs peripheral nerve surgery for conditions affecting nerves outside the brain and spinal cord.
