CLINICAL FOCUS

In medical dermatology, Dr. Bayraktar sees patients with active acne, atopic dermatitis, fungal foot infections and anal and perianal warts. She also carries out mole removal and offers treatment for excessive sweating.

Her cosmetic dermatology work includes botulinum toxin treatment, anti-aging care and gold needle treatment. In this area, the consultation focuses on the patient's concerns and expectations, the condition of the skin and which options, if any, may be suitable. Dr.
