CLINICAL FOCUS

Dr. Karadağ provides Internal Medicine assessment and medical treatment for adults, with an emphasis on the ongoing management of chronic diseases. A central part of her practice is diabetes care, covering both Type 1 diabetes treatment and Type 2 diabetes treatment, including follow-up of patients whose condition is already established...

Drawing on her subspecialty training in geriatrics, she also focuses on older adult health, addressing the medical needs that arise with aging and coordinating the care of patients with several coexisting conditions.
