CLINICAL FOCUS

Dr. Mazlum provides psychiatric assessment and care for children and adolescents. Her areas of expertise include child and adolescent mental health in general, dyslexia, and the use of cognitive therapies and behavioral therapies.

Her published work reflects an interest in the neurological and genetic background of childhood conditions. Selected publications include an article on neonatal hypoglycemia as a risk factor in Autism Spectrum Disorder (Journal of Child and Youth Mental Health, 2016), a paper on when EEG is indicated in attention-deficit/hyperactivity...
