CLINICAL FOCUS

Dr. Baca's surgical practice covers a range of gastrointestinal conditions. In oncologic surgery, she performs operations for stomach cancer, colorectal cancer, and esophageal cancer. She also treats patients with inflammatory bowel disease, including Crohn's disease and ulcerative colitis, when surgical management is being considered.

Her work in obesity surgery addresses patients who are evaluated for surgical treatment of obesity. In the field of anorectal diseases, she treats hemorrhoids and other anorectal conditions. Her endocrine surgery practice includes thyroid surgery.
