DEPARTMENT  
Internal Medicine

### CLINICAL FOCUS

A large part of Dr. Seven's practice concerns metabolic and cardiovascular risk. She assesses and manages type 1 diabetes, type 2 diabetes and prediabetes, with an emphasis on medical treatment, monitoring and lifestyle measures adapted to the individual patient. She also evaluates and treats hypertension, which frequently coexists with diabetes and is followed alongside it. Anaemia is another common reason for referral; Dr.

In geriatric medicine, Dr. Seven cares for older patients whose health needs are often shaped by several conditions at once and by the medicines used to treat them. Her work in gastroenterology-related internal medicine covers pancreatic diseases, liver diseases and biliary tract diseases, where she assesses symptoms, reviews laboratory and imaging findings and coordinates medical treatment.

Medical treatment   Type 1 diabetes treatment  
Type 2 diabetes treatment   Hypertension   Prediabetes

### INTERNATIONAL PATIENTS

Dr. Seven consults in Turkish and English, and interpreters can be arranged for patients who speak other languages. Before a visit, the Acibadem international patient team coordinates the collection of prior reports and imaging, such as MRI, CT, X-ray or ultrasound reports, laboratory and pathology results, operative notes and discharge summaries, and arranges appointments and the...
