CLINICAL FOCUS

Dr. Orhan's clinical work centers on the medical oncology assessment and care planning of patients with solid tumors. His areas of expertise include breast cancer, prostate cancer, colorectal cancer and gastric cancer, as well as pancreatic cancer and thyroid cancer.

As a medical oncologist, Dr. Orhan evaluates each patient's diagnosis, stage and previous treatment history and discusses the systemic treatment options that may be appropriate for the individual case. Where a patient's situation calls for input from other disciplines, his assessment forms part of the wider care planning process.
