CLINICAL FOCUS

Dr. Saçak's clinical work covers both aesthetic and reconstructive procedures. In breast surgery, his areas of expertise include breast reduction surgery, breast augmentation surgery and minimally invasive breast augmentation techniques, as well as the surgical management of breast diseases and breast cancer.

In reconstructive surgery, his expertise includes advanced limb reconstruction and the treatment of craniosynostosis, an area in which his published work addresses endoscopic techniques and outcome measures. His practice also includes Mohs surgery. In each case, Dr.
