CLINICAL FOCUS

Dr. Aybar's work is centered on emergency care. In the emergency setting, his role is to assess patients who present with acute symptoms or injuries, to carry out a focused clinical examination, to identify conditions that require urgent attention, and to decide on appropriate next steps.

A particular area of his experience is pediatric emergency care. Children who become acutely unwell or are injured often present differently from adults, and their assessment requires attention to age, development, and the concerns of parents or caregivers. Dr.
