CLINICAL FOCUS

Busenur Sezer's clinical focus is rehabilitation and supportive care for patients whose physical function or mobility is affected. Her work typically begins with an assessment of how a patient moves, what limits everyday activities, and what the patient hopes to regain or maintain.

Patients whose rehabilitation is related to joint conditions may also find general information on osteoarthritis treatment on this site. Any decision about whether a rehabilitation program is appropriate, and what it should include, is made after clinical assessment and in discussion with the responsible physician.

INTERNATIONAL PATIENTS

Busenur Sezer speaks Turkish and English, and interpreters can be arranged for patients who prefer another language. Before a visit, the Acibadem international patient team coordinates the collection of prior reports and imaging, such as MRI, CT, X-ray or ultrasound reports, laboratory and pathology results, operative notes and discharge summaries, and arranges appointments and the...
