DEPARTMENT
Pulmonology

CLINICAL FOCUS

A substantial part of Dr. Çuhadaroglu's practice is devoted to sleep medicine. He evaluates and manages insomnia, sleep apnea and other sleep disorders. Assessment is based on the patient's history, symptoms and existing test results, and treatment is planned according to the individual situation.

In general pulmonology, he treats asthma, chronic obstructive pulmonary disease, pulmonary fibrosis and lower respiratory tract infections, and follows patients with chronic pulmonary disease. He also evaluates lung nodules and lung cancer and other thoracic cancers.
