CLINICAL FOCUS

Dr. Eren's practice centers on urogynecology, the area of gynecology concerned with the pelvic floor and lower urinary tract in women. She assesses and manages urinary incontinence and other bladder health concerns, taking into account each patient's symptoms, medical history and previous treatments before discussing the options that may...

A further part of her work concerns menopause and the symptoms and health changes that may accompany it, as well as the treatment of sexual dysfunction in women. These issues are frequently interrelated with pelvic and bladder health, and Dr. Eren addresses them within a general gynecological assessment.
