DEPARTMENT
Cardiovascular Surgery

CLINICAL FOCUS

Dr. Narin evaluates and treats diseases of the heart and major vessels. His areas of expertise include aortic aneurysm, aortic valve stenosis and other heart valve diseases, as well as major vessel diseases. In coronary surgery, his work includes robotic bypass surgery and other robotic surgical approaches.

A second part of his practice is vascular surgery. Dr. Narin treats peripheral vascular obstruction, venous insufficiency and varicose veins. Varicose vein treatment is planned after clinical examination and review of the available vascular imaging, and the recommended approach is discussed with the patient on the basis of the individual...
