Neurosurgery

CLINICAL FOCUS

A central part of Dr. Coşkun's practice is the surgical evaluation and treatment of brain tumors, including meningiomas. He also performs epilepsy surgery for patients whose seizures are being considered for a surgical approach as part of their overall epilepsy treatment.

His areas of expertise further include cerebrovascular conditions such as cerebral aneurysms, brain hemorrhage and cerebrovascular occlusion, as well as arachnoid cysts. In spinal neurosurgery, he assesses and treats spinal pain and disc herniation.
