CLINICAL FOCUS

A large part of Dr. Aygün's practice is concerned with reproductive health. She evaluates and treats women with infertility and provides fertility care, including for patients with polycystic ovary syndrome.

In gynecologic surgery, Dr. Aygün performs robotic gynecologic surgery, vNOTES scarless surgery (a transvaginal approach that avoids abdominal incisions) and hysterectomy. She also assesses and treats urinary incontinence and other bladder health concerns, provides care for symptoms related to menopause, and performs genital aesthetic...
