CLINICAL FOCUS

Dr. Çolakoğlu assesses and manages a broad range of eye conditions in adults and children. Her areas of expertise include cataract, glaucoma, uveitis and astigmatism. She also sees patients with inflammatory and allergic conditions of the eye surface and eyelids, such as conjunctivitis, blepharitis and eye allergies, and with symptoms...

In paediatric ophthalmology, her work includes the evaluation and follow-up of amblyopia and other eye conditions in children. Her surgical interests include vitreoretinal procedures such as vitrectomy.
