CLINICAL FOCUS

The clinical work of Dr. Cansız is focused on emergency care, covering adult emergency medicine and pediatric emergency care. In this setting, his role is to carry out urgent clinical assessment of patients presenting with acute complaints, to establish the initial clinical picture, and to provide initial emergency management appropriate to the findings.

Having worked in both an adult emergency department and a pediatric emergency department, Dr. Cansız is accustomed to the differences in how urgent conditions present across age groups and in how children and adults are assessed.
