CLINICAL FOCUS

Dr. Yurtsever's areas of expertise cover a broad range of emergency presentations. In trauma care, the emphasis is on rapid evaluation of injuries and stabilization of the patient. Burn treatment involves assessing the depth and extent of the injury and providing initial wound care and supportive measures.

He also manages environmental and respiratory emergencies, including drowning emergencies, acute hypoxia and airway obstruction, conditions in which securing the airway and restoring adequate oxygenation are immediate priorities. Bee stings and tick bites are further areas of interest;
