CLINICAL FOCUS

A large part of Dr. Hazneci's practice involves inflammatory skin disease. He assesses and treats atopic dermatitis, contact dermatitis and seborrheic dermatitis, and he offers acne treatment. He also manages skin infections and sexually transmitted diseases, including genital warts treatment.

Dr. Hazneci performs mole mapping and treatment and evaluates suspicious pigmented lesions, with attention to malignant melanoma and other skin tumors. In cosmetic dermatology, his areas of expertise include botulinum toxin treatment and excessive sweating treatment.
