DEPARTMENT
Gastroenterology

CLINICAL FOCUS

A substantial part of Dr. Tankurt's practice involves the assessment and long-term management of inflammatory bowel disease, including Crohn's disease and ulcerative colitis. He also sees patients with coeliac disease, diverticulitis, gastroenteritis and small intestinal bacterial overgrowth (SIBO), as well as common upper digestive...

Dr. Tankurt performs gastroscopy and colonoscopy, which may be used to investigate symptoms, monitor known conditions or evaluate the large bowel where colorectal cancer is a concern. Whether an endoscopic examination is appropriate, and which one, is decided on a case-by-case basis following the initial consultation.
