Pediatrics

CLINICAL FOCUS

Dr. Topyıldız evaluates and manages a range of allergic conditions in children. Her areas of expertise include childhood asthma, food allergies in children, urticaria (hives) in children and atopic dermatitis.

Alongside pediatric allergies, Dr. Topyıldız has a particular focus on pediatric immune system disorders. Her training in Pediatric Immunology and Allergy Diseases and her published work on primary immunodeficiencies reflect this dual interest, which is relevant for children who present with recurrent infections, unusual infection...
