DEPARTMENT

Inpatient Clinic Physicians

CLINICAL FOCUS

Inpatient assessment involves reviewing a patient's history, current symptoms, medication and available test results at admission and during the stay, so that changes in the clinical picture can be recognized and discussed with the responsible specialist.

Treatment coordination means helping to align the input of different specialists, nursing staff and diagnostic departments so that the agreed treatment plan is carried out in an orderly way and questions from the patient and family are answered.

INTERNATIONAL PATIENTS

Dr. Pehlivan speaks Turkish and English, and interpreters can be arranged for patients who speak other languages. Before a hospital stay, the Acibadem international patient team coordinates the collection of prior reports and imaging, such as MRI, CT, X-ray or ultrasound reports, laboratory and pathology results, operative notes and discharge summaries, arranges appointments and...
