CLINICAL FOCUS

Dr. Küçükercan's field is Clinical Laboratory, with specialty training in Medical Biochemistry. Physicians in this discipline are responsible for the analysis and interpretation of laboratory test results and work in the background of patient care, supporting the physicians who examine and treat patients.

Her long experience in hospital, polyclinic and primary care settings, together with her professional memberships in biochemistry associations, reflects a career centered on laboratory medicine. Patients whose care involves laboratory testing at Acibadem Bodrum Hospital may have their results reviewed by the laboratory team as part of the overall assessment planned by their treating physician.

INTERNATIONAL PATIENTS

Dr. Küçükercan speaks Turkish and English, and interpreters can be arranged for patients who speak other languages. The Acibadem international patient team coordinates the collection of prior reports and imaging, for example MRI, CT, X-ray or ultrasound reports, laboratory and pathology results, operative notes and discharge summaries, and arranges appointments and the hospital visit.
