CLINICAL FOCUS

A substantial part of Dr. Kirdök's practice is devoted to pancreatic, liver and biliary tract diseases. She assesses and manages patients with liver diseases, disorders of the pancreas and conditions affecting the biliary tract.

Dr. Kirdök also treats Crohn's disease and colitis. Her listed areas of expertise further include digestive system diseases and digestive system surgery.

Management of these conditions typically involves confirming the diagnosis, reviewing any previous treatment, and discussing with the patient the options that are suitable for their...
