Anesthesiology &
Reanimation

CLINICAL FOCUS

Dr. Kahveci's areas of expertise are intensive care treatment, advanced life support and palliative care. Intensive care treatment concerns the monitoring and support of critically ill patients whose organ functions are threatened or failing.

Her published work reflects these interests. She has co-authored studies on the epidemiology of sepsis in intensive care units in Turkey, prognostic risk factors in ventilator-associated pneumonia, comparison of blood culture and multiplex real-time PCR for the diagnosis of nosocomial sepsis, ventilation practice and outcomes in patients...
