CLINICAL FOCUS

The clinical work of Gönül Zervent centers on three related areas:

Her approach is assessment-oriented: a physiotherapy evaluation informs the rehabilitation plan, and the program is adjusted as the patient's functional needs change. She works within the Physical Medicine & Rehabilitation team of the hospital, so that patients whose care involves other disciplines can be reviewed jointly.

INTERNATIONAL PATIENTS

Gönül Zervent speaks Turkish and English, and interpreters can be arranged for patients who need support in other languages. Before travel, the Acibadem international patient team coordinates the collection of prior reports and imaging – for example MRI, CT, X-ray or ultrasound reports, laboratory results, operative notes and discharge summaries, as well as any previous physiotherapy...
