Hospital, İstanbul

DEPARTMENT
Gynecology & Obstetrics

CLINICAL FOCUS

A central part of Dr. Seyisoğlu's practice is urogynecology, which addresses bladder health and pelvic floor concerns in women. She assesses and manages urinary incontinence, an area in which symptoms, their impact on daily life and any earlier treatments are reviewed before options are discussed.

Dr. Seyisoğlu also provides endometriosis treatment and the assessment and treatment of pelvic pain, which may have several underlying causes and is approached through careful history-taking and clinical examination.
