Hospital, İstanbul

DEPARTMENT
Gastroenterology

CLINICAL FOCUS

Dr. Yıldız evaluates and treats a range of gastrointestinal and hepatobiliary conditions. In gastrointestinal oncology, his areas of expertise include pancreatic cancer and colorectal cancer, where he takes part in diagnostic work-up and treatment planning.

On the procedural side, Dr. Yıldız performs ERCP (endoscopic retrograde cholangiopancreatography), which is used to examine and treat the bile ducts and pancreatic duct, and oesophagoscopy for examination of the esophagus.
