Acibadem Fulya Hospital, İstanbul

DEPARTMENT  
Neurosurgery

## CLINICAL FOCUS

In cranial neurosurgery, Dr. Çavuşoğlu evaluates and treats patients with brain haemorrhage, brain tumours and paediatric brain tumours. He also manages hydrocephalus in children and adults; further information on this condition is available on the congenital hydrocephalus treatment page of this site.

A large part of his work concerns the spine. He treats lumbar spinal canal stenosis and cervical spinal canal stenosis, disc herniation, and spinal tumours and spinal cord tumours, and he performs spinal surgery when it is indicated.

Brain haemorrhage Brain tumours Paediatric brain tumours  
Hydrocephalus Lumbar spinal canal stenosis
