CLINICAL FOCUS

Dr. Öztürk's areas of expertise cover both gynecological and obstetric care. She sees women with urinary incontinence and other bladder health concerns, women going through menopause, and patients seeking treatment of sexual dysfunction.

In obstetrics, her work includes the follow-up of gestational diabetes, epidural birth and cesarean delivery. The suitability of any procedure or treatment is assessed on an individual basis after clinical evaluation, and the possible benefits and limitations are discussed with the patient before a decision is made.
