CLINICAL FOCUS

Dr. Ayangil's clinical work centers on common surgical conditions of infancy and childhood, with a particular interest in pediatric digestive system surgery. The conditions he manages include infantile pyloric stenosis and pediatric appendicitis, as well as pediatric hernia and umbilical hernia in children.

He also treats a range of pediatric urological and genital conditions, including hydrocele and spermatic cord cyst, undescended testis, hypospadias and labial adhesions. In addition, he performs newborn and childhood circumcision. In each case, Dr.

Infantile pyloric stenosis
