CLINICAL FOCUS

Dr. Olgun evaluates and treats children with a range of solid and hematologic cancers. Her areas of expertise include lymphoma, Wilms tumor, childhood brain tumors and rare tumors of childhood.

Her academic work has concentrated on neuroblastoma. She has co-authored studies on chemo-immunotherapy regimens in refractory or relapsed neuroblastoma, on dinutuximab beta combined with conventional chemotherapy in relapsed or refractory high-risk disease, on genetic and protein biomarkers in neuroblastoma, and on national treatment...
