CLINICAL FOCUS

Dr. Berber's clinical work covers both elective and urgent general surgical care. Much of his practice involves minimally invasive approaches, including endoscopic surgery and laparoscopic surgery. He is also involved in organ transplantation coordination.

A further part of his work is trauma surgery and emergency surgery, reflecting a career that has included clinical work in acute surgical settings. Dr. Berber is a member of the Turkish Surgical Association, the National Endoscopic - Laparoscopic Surgery Association, the Organ Transplantation Institutions Coordination Association and the National Trauma and Emergency Surgery...

INTERNATIONAL PATIENTS

Dr. Berber consults in Turkish and English, and interpreters can be arranged for patients who speak other languages. Before a visit, the international patient team coordinates the collection of prior medical reports and imaging, arranges appointments and organises the hospital visit.
