CLINICAL FOCUS

Dr. Köksal evaluates and treats adults with acute and chronic infections. Her areas of expertise include shingles, lower respiratory tract infections such as bronchitis and pneumonia, and communicable diseases more broadly.

Her published research reflects these interests. She has co-authored studies on chronic hepatitis C, including the diagnostic value of serum biomarkers for liver fibrosis and treatment outcomes in real-world patient cohorts, a consensus report on hepatitis B reactivation during immunosuppressive therapy, several studies on Crimean-Congo...
