CLINICAL FOCUS

İlayda Kurtuluş works in pediatric rehabilitation, that is, physiotherapy for infants, children and adolescents who need a structured program to support movement, function or recovery. In this field, care generally begins with an assessment of the child's history, current abilities and any previous treatment, followed by a rehabilitation plan that is adjusted over time as the child's needs change.

Because the facts available for this profile name pediatric rehabilitation in general rather than specific diagnoses, families should not assume that a particular condition is or is not within her scope of work. Whether a given child is a suitable candidate for physiotherapy with İlayda Kurtuluş, and what such a program would involve, can only be determined after her assessment of the individual case and, where relevant, in...

Pediatric rehabilitation

INTERNATIONAL PATIENTS

İlayda Kurtuluş speaks Turkish and English, so families from abroad can communicate with her in either language, and interpreters can be arranged for other languages. The Acibadem international patient team coordinates the collection of prior reports and imaging, for example MRI, CT, X-ray or ultrasound reports, laboratory results, operative notes and discharge summaries, arranges...
