Hospital, İstanbul

DEPARTMENT
Dental & Oral Health

CLINICAL FOCUS

The core of Dr. Köne's practice is orthodontic assessment. This involves a careful review of the patient's dental history, a clinical examination of the teeth and jaws, and an evaluation of any existing dental imaging.

Following the assessment, Dr. Köne prepares an orthodontic treatment plan. The plan sets out the goals of treatment, the sequence of steps that may be involved and the points at which progress would be reviewed.

INTERNATIONAL PATIENTS

Dr. Köne consults in Turkish and English, and interpreters can be arranged for patients who speak other languages. Before a visit, the Acibadem international patient team coordinates the collection of prior reports and imaging, for example dental X-rays, panoramic or CT images and records of previous dental or orthodontic treatment, and...
