DEPARTMENT
Gynecology & Obstetrics

CLINICAL FOCUS

Dr. Dunder's oncological work concentrates on gynecologic cancers. He evaluates and treats women with cervical cancer, ovarian cancer and vulvar cancer. His recognition in Gynecologic Oncology Surgery and his memberships in ESGO, TRSGO and the Minimally Invasive Gynecologic Oncology Association reflect this focus.

A second area of his practice is urogynecology, which addresses conditions affecting the female pelvic floor and lower urinary tract. Alongside this, he continues to practice general gynecology and obstetrics.

Urogynecology Cervical cancer Ovarian cancer Vulvar cancer

Gynecology and obstetrics

CONDITIONS TREATED

Cervical cancer Ovarian cancer Vulvar cancer
