DEPARTMENT
Cosmetic Dermatology

CLINICAL FOCUS

Dr. Teksen's practice is devoted to cosmetic dermatology. Within this field she carries out medical aesthetic applications and provides laser dermatology services. Her professional path since 2004 has been spent in centers dedicated to medical aesthetics and laser-based skin treatment, including a period as medical director of a laser...

As with any aesthetic or laser procedure, whether a particular application is appropriate depends on the individual patient. Dr. Teksen assesses the skin, the patient's history and any previous treatments before discussing which options, if any, may be considered.
